

School fees 2024:

We are giving parents fair warning that we will be doing a fee increase in 2024. This is due to an increase in many things that are out of our control.

At Kammaland Primary School we try our best to keep fees as low as possible, while still providing top quality education. If we do not put our fees up to meet increases in other areas of the economy, we would not be able to provide the education to the standard that we promise you, the parents. We remain one of the most reasonably priced Private Schools in the area, for the standard and subjects we are offering. Thank you for your continuous support.

Things we offer, all-inclusive in our school fees:

- o Strictly 24 learners per Grade
- o Well qualified teachers that take part in all types of development workshops each year
- o All-inclusive year, no "hidden" costs, other than optional ones (like tuckshop on a Friday/Family fun day)
- o Both Isizulu and Afrikaans FAL subjects taught in Grade 1 - 3
- o Coding and Robotics (Grade R – 7) subject
- o Computer Lessons
- o Matific, online maths lessons for critical thinking (Grade 1 – 7)
- o 3 hours of sport a week, including after school sport and swimming (Attending away matches etc.)
- o Learner support for children who struggle with academics.
- o A minimum of one educational outing/show per term, per Grade
- o Recorder lessons in Grade 1, 2 and 3, and moving up each year
- o Grade 7 camp (already included in the school fees, being paid off monthly)
- o Our school fees are over 11 months!
